

ZIAD TAMER KAMAL EL-ZEINY

Artificial Intelligence Student | Intelligent Systems Specialization

Damietta, Egypt | 01094297902 | zzeiny59@gmail.com | [linkedin.com/in/ziad-tamer-001959294](https://www.linkedin.com/in/ziad-tamer-001959294) | github.com/Zeiny213

PROFESSIONAL SUMMARY

Artificial Intelligence student at the Arab Academy for Science, Technology & Maritime Transport, specializing in Intelligent Systems. Strong foundation in machine learning, deep learning, computer vision, and NLP, with practical experience applying Python and ML frameworks to real-world problems. Demonstrated ability in autonomous robot design, algorithm development, and problem-solving under competition conditions, earning 1st place at FIRST LEGO League and 3rd place at RoboCup. Holds IELTS B2 certification and actively pursuing an AI, Machine Learning, or Intelligent Systems internship to contribute to innovative AI-driven solutions.

EDUCATION

Arab Academy for Science, Technology & Maritime Transport

Expected 2027

Bachelor of Science in Artificial Intelligence — Intelligent Systems

Currently: 3rd Year, 6th Semester | New Alamein, Egypt

Relevant Coursework

Machine Learning • Deep Learning • Computer Vision • Advanced IOT • Robotics • Embedded Systems • Data Structures • Algorithms • Probability & Statistics • Linear Algebra

TECHNICAL SKILLS

Programming	Python, C, C++, Java
AI / ML	Machine Learning, Deep Learning, Computer Vision, Neural Networks, Robotics, Intelligent Systems, IoT, Reinforcement Learning
Web	HTML, CSS, JavaScript
Databases	MySQL
Tools & IDEs	Jupyter Notebook, Google Colab, Visual Studio Code, Unity, Webots

COMPETITIONS & ACHIEVEMENTS

FIRST LEGO League (FLL)

2022

Role: Robot Designer

- Designed, built, and customized the competition robot from scratch, iterating on multiple structural configurations to maximize challenge performance and achieve a top-scoring robot run.
- Collaborated with a 4-member team to troubleshoot mechanical issues and implement design improvements under tight competition deadlines, contributing directly to a 1st Place Robot Performance finish.

Result: 1st Place — Robot Performance

RoboCup

2023

Role: Team Member / Code Builder

- Developed and debugged autonomous robot control code in Python/C++, implementing decision logic and sensor integration for real-time competition performance across multiple rounds.
- Supported cross-functional team of 5 in competition strategy planning and inter-module coordination, contributing to a 3rd Place national finish.

Result: 3rd Place

CERTIFICATIONS

- **FIRST LEGO League Challenge Awards** – Cargo Connect (Bibliotheca Alexandrina, Egypt, 2021–2022)
Recognized for participation in robotics challenges.
- **RobocupJunior Egypt 2024** – Rescue Simulation (Arab Academy for Science and Technology, Egypt, 2024)
- **FIRST LEGO League Challenge** – Replay (Bibliotheca Alexandrina & TechnoFuture, Egypt, May 2021)
- **IELTS Academic** – Overall Band Score: 6.0, CEFR Level: B2 (British Council / IDP / Cambridge, 2024)
- **Arab Open Robotics Championship** – Participation Certificate (Egypt, 2022)
- **Google Advanced Data Analytics-Regression Analysis: Simplify Complex Data Relationships**
